

Finger Splints

from 3-Point Products, Inc.

With a simple turn of the splint, Oval-8® Finger Splints correct or protect:

- Mallet (Baseball) Finger
- Trigger Finger
- Fractures
- Jammed Fingers
- Arthritic Deformities
- Ligament Injuries

Easy-to-fit plastic splints do not require tape or straps and can be worn over bandages to protect and rest injuries. Precise fitting is key to successful treatment and is best done with the Oval-8 splint Sizing Set.

Choosing the correct Oval-8 size is fast and easy with an Oval-8 Sizing Set. The Sizing Set includes one of each size 2 to 15 on an easy to open ring. Determine the correct size and order splints as needed or dispense immediately from the Oval-8 Kit. *Suggested HCPCS Code L3927.*
